Discussion of a Doggie Poop collection box at BGS lake side lawn seems  
not an issue now so no action at this time.

A dock across from BGS for SLA to decide. No action for BCC.

Parking signs at Silver Lake could be more effective by switching the 'no  
parking between signs' and the 'additional parking at the town hall'.  
Richard agreed to talk with BCT. Parking and pedestrian safety around  
BGS for Selectboard with possible sheriff police it at high use times?

Kate reported the State has Silver lake on their 2024 agenda to replace old  
Invasives signs at kayak launch area.

Doug will look into cleaning up kayak launch area with Agency of Natural  
Resources. What is might entail.

Town Forest was discussed by a small group of BCC members and  
Richard Lancaster who visited it to see possible potential. Future possible  
co-ordinate with Recreation committee, or volunteer groups?? Future  
discussion and ideas are welcome. On the agenda for next meeting.
